What is your annual household income? _____

How much support per month are you requesting from Southland Community Church? _____

Long-term Missions Policy – Six Months+:

A member from Southland going on stint witness or work mission trip must apply for financial assistance no later than October 15 of a given year.

-Renewal of Support: should the service or a change in assignment occur, the church's commitment will be subject to review and may be continued, renewed or canceled.

-Visitation requirement: before a missionary is granted long-term support, they should attend an official MLT meeting to explain their ministry to the team. Exceptions may be considered. Supported missionaries are expected to provide quarterly updates to the MLT on happenings in the ministry.

-Solicitations: Individuals receiving support from Southland mission funds are requested not to solicit additional funds from members of the congregation using mass mailings or emails. If a member approaches the individual or organization about support you are able to solicit additional support. Prayer letters are permitted to be given to anyone in the church and may have support information listed on the sheet.

-Accountability: Tithe and attendance records will be reviewed biannually of all

long-term missionaries.

Application should be returned to the church office or team leader.

Please write a short testimony that includes the following:

1. When you accepted Christ
2. What He is presently doing in your life
3. Motivation for serving in your ministry
4. How you would like God to use you
